

"Cahaya Bulan" -- Netral

Cahaya bulan menemani aku [repeat]  
Mencumbu mesra singgasana malam  
Bersenda gurau hibur bintang-bintang

[Refrain:]  
Walaupun sedih dan senang melanda hati  
Kau tetap cahaya bulanku.

[The moonlight keeps me company  
Fondly caresses the night's throne  
Joking around, entertaining the stars

(Refrain:)  
Although sadness and joy overwhelm the heart,  
You are always my moonlight.]
